18. WBAT (Web-Based Application Tool):

WBAT (maintained by Universal Technical Resource Services, Inc. (UTRS)) is an option for those with an ASAP Program and/or those that are part of the SMS Pilot Projects. WBAT provides aviation service providers with a secure, fully customizable system that promotes safety and accountability across five employee groups. UTRS developed WBAT with funding from the FAA, and will deliver free on-site training and electronic support to Certificate Holders. Ms. Nicky Armour is the UTRS point of contact and can be reached at 937-836-8157 or SNARMOUR@Gmail.com

[FOD is a risk to engines and safe operations. See the following for FOD control programs. <http://www.fodcontrol.com/> and <http://www.amtonline.com/publication/article.jsp?pubId=1&id=846>

HAI also has a good FOD program at
